

PRX-T33 SKIN TIGHTENING THERAPY

Payment Plan Information

CONFIDENT • REFRESHED • NATURAL

Not ready for injectables just yet?

PRX-T33 IS THE PERFECT TREATMENT FOR YOU.

PRX-T33 is a unique painless peel that stimulates the production of collagen and elastin in the skin. The treatment is designed to revitalise the skin leaving it plump, tightened and glowing.

The PRX-T33 is the next generation of bio revitaliser that does not require injections, it contains 33% TCA, Hydrogen Peroxide and Kojic Acid.

This formulation provides all of the benefits of a high percentage TCA peel but without the associated side effects – discomfort and peeling, best of all there is no downtime thanks to the addition of the Hydrogen Peroxide Compound.

PRX-T33 is a revolutionary treatment in the aesthetic industry!

PRX-T33 brings so many benefits as a single treatment, however there are a number of treatment matches that can enhance the results such as brightening, lifting and tightening.

WHY TREAT YOURSELF TO PRX-T33 BIOREVITALISATION PEEL?

PRX-T33 contains proven and effective ingredients that have a wealth of evidence for their use. From clinical trials to consistently happy patients, this treatment is giving patients the lift and tightening effect that everyone wants.

The treatment is non-invasive with no needles meaning there is no risk of looking fake or "over done".

The PRX can be used on all ages and skin types without the risk of hyperpigmentation, severe peeling or discomfort. The treatment also requires no downtime so you can get straight back to normal!

Whether or not you have had other aesthetic treatments, such as dermal fillers or anti-wrinkle injections, this treatment will always bring amazing results to your skin.

Not only can this treatment create rejuvenated and glowing results for your skin but will also enhance your results from past treatments and sustain them for longer.

Everyone is fighting the ageing process together.

The aesthetic industry is constantly evolving and creating new procedures to help your skin look and feel more radiant and youthful.

The PRX-T33 is a biorevitalisation peel like no other on the market. A revolution in the Aesthetic industry if you ask us!

Whereas previously a TCA 33% would strip away the skin causing downtime, the revolutionary formulation of PRX T33 acts directly on your collagen- producing cells resulting in skin rejuvenation and tightening.

The gold standard protocol for optimal results advises 5 sessions, 3-4 weeks apart. This will maximise your collagen, elastin and hyaluronic acid production so your skin feels tighter and looks more youthful.

Past clients have found the results of this treatment have not only restored a youthful and radiant glow but has left their skin feeling smoother and plump fighting the signs of ageing and looking tired.

Give your skin a radiant lift by booking in for your skin consultation today on our [website](#).

STEP 1 Decide which of treatment plan you would like for your skin.

PRX-T33

Includes:

- Skin Consultation and Analysis
- A course of 5 sessions
- WIQo Smoothing Face Fluid
- WiQO nourishing and moisturising face cream.

Benefits of this treatment:

- Anti-Ageing
- Hyperpigmentation
- Hydration
- Skin Lightening and Brightening
- Firmness and tightening of the skin
- Collagen stimulation
- Shrinking of pores

PRX-T33 + MICRONEEDLING

Incorporating PRX-T33 and Micro-needling together allows the solution to go deeper in your dermis, where the elastin and collagen get triggered. Aside from the regeneration of elastin and collagen, you will also experience deep hydration with this treatment plan.

Includes:

- Skin Consultation and Analysis
- A course of 5 sessions.
- Micro-needling after each session.
- WIQo Smoothing Face Fluid
- WiQO nourishing and moisturising face cream.

Benefits of this treatment match:

- Anti-Ageing
- Hyperpigmentation
- Hydration
- Skin Lightening and Brightening
- Firmness and tightening of the skin
- Collagen stimulation
- Shrinking of pores.
- Enhance the depression scars and stretch marks

PRX-T33 + MESOTHERAPY

Adding Mesotherapy to PRX-T33 intensifies the results of anti-ageing. The treatment is a safe and natural alternative to invasive cosmetic procedures and is ideal for dry, dehydrated and dull skin or simply as a super charged skin booster after the PRX therapy.

Includes:

- Skin Consultation and Analysis
- A course of 5 sessions.
- Mesotherapy after each session.
- WIQo Smoothing Face Fluid
- WiQO nourishing and moisturising face cream.

Benefits of this treatment match:

- Anti-ageing
- Hyperpigmentation
- Hydration
- Skin lightening and brightening
- Firmness and tightening of the skin
- Collagen stimulation
- Shrinking of pores
- Intensified glow.

Each treatment plan includes:

- **WIQo Smoothing Face Fluid** stimulates and regenerates the skin thanks to glycolic acid in active concentration. It ensures an intense hydration and, due to its low pH, gives a tighter, more even skin tone.
- **WiQo Nourishing and Moisturising Face Cream** consists of moisturising and protective substances that help to nourish and moisturise the skin. WiQo Nourishing and Moisturising Cream is ideal to be used after chemical peels and other aesthetic applications, especially PRX-T33. The face cream leaves the skin soft and hydrated.

STEP 2

Select the Treatment Areas for PRX-T33: Determine which areas you want to address with this therapy

When it comes to rejuvenating and revitalizing your skin, PRX-T33® Therapy offers exceptional benefits not only for your face but also for your neck and décolleté.

By choosing to have this revolutionary treatment on your face and neck, you can enjoy a multitude of perks that will leave you with a radiant and youthful appearance.

PRX-T33® Therapy effectively tightens the skin on the neck, restoring its firmness and elasticity. It also improves hydration levels and enhances the overall texture of your skin, resulting in a smoother and more youthful look. The best part is that this treatment requires no downtime and is minimally invasive, allowing you to resume your daily activities immediately without any interruption.

With its remarkable ability to deliver outstanding outcomes in a convenient and non-intrusive manner, PRX-T33® Therapy has become a popular choice for individuals seeking comprehensive rejuvenation of their face, neck, and décolleté.

STEP 3 Decide which of payment plan you would like.

Please set up the appropriate Direct Debit and pay the deposit.
